

# Biathlon Manitoba Rifle Rental & Maintenance Policy

**Effective Date of Policy: May 1, 2017**

This policy will be reviewed annually, after National Championships, by the Technical Committee. The Technical Committee will recommend changes and present them to the Board of Biathlon Manitoba for approval. This will occur prior to the annual rifle reassignment process.

## **Definitions:**

- Applicant: is a committed competitive athlete who rents a rifle. A committed athlete is one who attends the majority of clinics, camps, training sessions, races and ski training offered by BAM and the athlete's ski club.
- Biathlon Association of Manitoba: hereafter, 'BAM', or 'Biathlon Manitoba', is the body or organization for the sport of Biathlon in Manitoba, including the Board of Directors and members.
- Designated Club Representative: is the person duly chosen by a biathlon or cross country ski club board of directors to rent rifles from BAM on behalf of that club.
- Percentage: for the purposes of rifle selection, will be based on race winner's time only. That is:  $\text{Winner's time} / \text{Applicant's time} * 100 = \text{percentage}$ .
- Technical Committee: appointed annually by the Board of Directors of Biathlon Manitoba, responsible for managing rifle rentals for members from Biathlon Manitoba and selecting members or Clubs that meet the Rifle Selection Criteria.

## **1. Rental Criteria:**

Applicants must:

- be current member of BAM in good standing,
- possess a valid Firearms License (PAL) if 18 years of age or older, or a minor's Firearms License (minor's PAL) if under the age of 18,
- for minors: have a parent/legal guardian, over the age of 18, with a valid Firearms License (PAL), living in the residence of the minor applicant,
- be at least 13 years of age, as of December 31 of the competition season; at the discretion of the Technical Committee, an athlete age 12 years of age might be eligible to rent a rifle,
- be a member in good standing of a biathlon or cross country ski club approved by BAM,
- be selected and approved by the Technical Committee.

## 2. Rifle Selection Criteria:

Members will be able to choose the rifle of choice according to the rifle selection list. A prioritized list of athletes will be based upon the following criteria in order:

- a) International representation of Manitoba: If more than one athlete is in this category ranking will be based on ranking, in percentage, at the international events. Dissimilar category results will be considered as a single category.
- b) Biathlon Canada Team or Training Squad Members: If more than one athlete, ranking will be based on results, in percentage, in their category, at National Championships\*, and/or Canada Winter Games. Dissimilar category results will be considered as a single category.
- c) National Training Center Development Squad Athletes: If more than one athlete, ranking will be based on results, in percentage, in their category, at National Championships\*, and/or Canada Winter Games. Dissimilar category results will be considered as a single category.
- d) For all others not meeting (a-c) above, the cumulative total points of multiple race results from the previous race season will be used to determine selection order.\*\* An athlete's points will be calculated based on the athlete's winning time relative to the first place winner's time in that category. In addition, the races will be weighted by competition type and by number of participants in the applicant's category.

e.g.  $(\text{winning time}/\text{applicant's time}) \times (\text{race factor}) \times (\# \text{ participant factor})$

Please see the tables below for details and refer to the accompanying Excel file for examples and to calculate total points.

Table 1: Weighting Factor by Race Type

iii. Manitoba Provincials (best single result)	20%
iv. Manitoba Cup (best result; not including provincials)	20%
v. Manitoba Cup (second best result; not including provincials)	20%

Table 2: Weighting Factor by Number of Participants in Category

# Participants in Category	Weighting Factor
I. 4 or more	100%
II. 3	90%
III. 2	80%
IV. 1	70%

\* Team Aggregate and Relay Competitions will not be considered in results calculations.

\*\* Due to the shortage of available rifles, at the June 2018 rifle selection prior to the 2019 Canada Winter Games (CWG), CWG training squad athletes will have selection priority above all others except those in (a-c) above.

The Technical Committee may also give consideration to:

- adherence to approved training plan,
- team contract compliance,
- exceptional circumstances.

- attend a BAM rifle cleaning and maintenance clinic,
- clean the rifle before returning to the Biathlon Manitoba armorer at the end of the rental period,
- return their rented rifle to the Biathlon Manitoba armorer prior to May 1 of the rental year. Failure to do so will result in forfeiture of deposit,

- Starting May 1, 2015, BAM implemented a 4-year limit on rifle rentals per applicant. After the 4-year limit, applicants are required to purchase their own rifle as they

continue in the sport. The 4-year limit applies regardless of whether a rifle has been rented for consecutive years or not. This regulation took effect May 1, 2015 with previous rental history not counted in the new 4-year limit. This limit is placed to ensure rifles are available for rent by emerging athletes with seasoned athletes encouraged to purchase their own rifle.
